Green Up Day and Tire and Metal Collection, May 6.....	1
Household Hazardous Waste Collection, May 13.....	1
Universal Recycling Act	2
Construction & Demolition Recycling.....	2
Paint Stewardship Program	3
Local Waste Management Facilities.....	4

UPCOMING EVENTS

Green Up Day and Tire and Appliance Collection, May 6, 2017

The Earthwise Transfer Station in Waitsfield and Rodney's Rubbish Removal located behind Crossroads Beverages on North Main Street in Waterbury are holding a car and pickup truck tire collection on Saturday, May 6, 2017 in conjunction with Green Up Day. Residents of the Mad River Resource Management Alliance(MRRMA) can bring their car and pickup truck tires with or without rims to the Earthwise Transfer Station for only \$2.50 and to Rodney's for \$3.00 each. The tires will be accepted between 8 a.m. and 12 p.m. at Rodney's Rubbish Removal and between 8 a.m. and 1 p.m. at the Earthwise Transfer Station on Route 100 in Waitsfield. Green Up Tires will be accepted at no charge on Green Up Day at these sites.

These two sites will also be sponsoring an appliance disposal event. You can bring your old dishwasher or washer/dryer or other large metal objects and dispose of them at no charge at the same times as the tire collections. There is a charge for Freon containing units. At Earthwise it is \$40.00 for freezers and refrigerators and it is \$25.00 at Rodney's Rubbish Removal for processing these materials.

Green Up Day Coordination

If you collect litter during a Green Up Project on May 6, 2017, you can bring the Green Plastic Green Up Bags at no

charge to Rodney's Rubbish Removal behind Crossroads Beverages on North Main Street in Waterbury from 8 a.m. to 12 p.m. or to the collection roll off located at the Waterbury Highway Garage on Guptil Road in Waterbury Center from 8 a.m. to 4 p.m. or the Earthwise Transfer Station located on Route 100 in Waitsfield from 8 a.m. to 1 p.m. Check with your local Green Up Coordinator to see if there are any special projects going on in your community on Green Up Day, May 6, 2017. Green Up Bags should be available from your Green Up Coordinator or Town Clerk. In Fayston call Nicole Migneault at 496-2083; in Moretown call Mike Dimotsis at 496-2812; in Roxbury call Claire Chomentowski at 485-7779; in Waitsfield call Cindy Sweitzer at 496-9888; in Warren call the East Warren Store at 496-6758 and in Waterbury call Lisa Scagliotti at 244-1444.

Household Hazardous Waste Collection and Paint Drop and Swap, May 13, 2017

The MRRMA, Casella Resource Solutions and the Vermont Department of Environmental Conservation are sponsoring the household hazardous waste collection event.

Where? Harwood Union High School, Route 100, Duxbury.

What? Bring your household pesticides, all your architectural paint (oil based and latex) and up to ten additional gallons of household hazardous chemicals at no charge. There is a fee of \$4.00 a gallon for liquid or \$4.00 a pound for solid hazardous chemicals over the amount described above. Check your garage, basement, barn, bathroom, storage shed, or under the sink to see if you have things that require special disposal. We can accept fluorescent light bulbs at this event.

Pesticides: At this special day, as a result of a

John Malter (Administrator)

contract with the Vermont Agency of Agriculture Food and Markets Division, we have a program to help farmers, growers, and households to dispose of canceled or unwanted pesticides at no cost. Funding for this program comes from the registration fees that pesticide manufacturers pay for their products to be sold in Vermont. Only pesticides are covered by this contract. Planning to bring a large quantity of pesticides to this event? Please pre-register and provide a list of the pesticide types and quantities. Call John Malter, Alliance Administrator, at 244-7373, with pre-registration information.

Mercury Added Products: Items such as thermometers, fluorescent light bulbs, thermostats, switches, medical and scientific instruments, mercury batteries and other mercury containing products will be accepted at this event.

Thermostat \$5.00 Incentive Program

The Thermostat Recycling Corporation (TRC) has developed a system that will provide a coupon that must be filled out by the person who brings their mercury thermostat to the Household Hazardous Waste Collection Event. The cover of the thermostat must be included with the product. You will get a receipt and a mail back coupon that will be redeemed for \$5.00 after the TRC receives the thermostat and the coupon.

Batteries

Since January, 2016 single use batteries can be recycled as a result of Vermont's most recent product stewardship program. These include non-rechargeable alkaline, carbon-zinc dry cell and lithium metal batteries. Waterbury True Value Hardware Store, SunCommon in Waterbury, Earthwise Transfer Station and Bisbee's Hardware in Waitsfield collect these batteries and rechargeable batteries as well.

Paint Stewardship Program:

As a result of legislation on Paint Stewardship that was passed in 2013, all architectural paints are now eligible for recycling during our household hazardous waste collections.

Crankcase Oil:

If you have used crankcase oil, we will accept it at this event. We do have one used oil recycling tanks, located at the Earthwise Transfer Station. Bring the oil to this site during business hours for \$3.00 per gallon to get the crankcase oil recycled.

Conditionally exempt small quantity generators of hazardous waste from within the Alliance must pre-register in order to participate in our collections. We need to estimate the types and quantities of waste that you plan to take to the event. Please contact Alliance Administrator John Malter (244-7373) to pre-register by May 11, 2017.

Not Allowed?

Some other wastes can't be accepted: radioactive wastes such as some smoke detectors (return them to the retailer or manufacturer), propane tanks and other compressed gases should be returned to the retailer, infectious wastes (contact your doctor's office or hospital for safe disposal); explosives such as ammunition and flares, (contact the state police for instructions in proper handling and disposal).

Vermont Electronic Waste

You can bring computers, monitors, printers, computer peripherals and televisions at no charge to the Earthwise Transfer Station. The State Surplus Property Facility in Waterbury will also take computers, monitors, printers, computer peripherals and televisions at no charge and all types of e-waste like VCRs and DVD Players, Record Players, Vacuum Cleaners and more for \$0.50 per pound. For further information contact www.vtcycles.org.

Universal Recycling Law, Act 148

A significant portion of the waste stream that is disposed is composed of recyclable products, leaf and yard residuals and food scraps that could be diverted from landfills and put to better use. The goal of this law is to

provide all Vermont residents with the opportunity to improve the rate of diversion of these resources from disposal at a landfill. There are phased in bans on certain materials (recyclables, leaf and yard residuals and food scraps) and by requiring parallel collection (requiring collection of these materials at the same location where trash is collected), more of these materials can be diverted from disposal. Here's the list of materials that are being banned from the landfill: Mandated recyclables: aluminum and steel cans, aluminum foil and aluminum pie pans, glass bottles and jars from foods and beverages, PET (#1) and HDPE (#2) plastic bottles and jugs, corrugated cardboard, white and mixed paper, newspaper, magazines, catalogues, paper mail and envelopes, boxboard, paper bags; leaf/yard waste and clean wood waste and food scraps. Here's the time line for the law for residents: on July 1, 2014 folks can bring their mandated recyclables to a transfer station and get them processed at no charge; the mandated recyclables are banned from the landfill by July 1, 2015; by July 1, 2016 Leaf and Yard debris and clean wood is banned from the landfill; by July 1, 2020 Food Scraps are banned from landfills.-

So for most residents the thing to remember is that since July 1, 2014 when you bring your refuse to be processed, you can be charged more for the waste but the mandated recyclables will be taken at no charge. Hence it makes a lot of sense to take a second look at what you are throwing out in order to minimize your waste and maximize your recycling. Your wallet will also thank you.

Construction & Demolition Debris Recycling

There is more than 50,000 tons of waste generated from construction and demolition (C&D) projects annually in Vermont. A great deal of C&D can be reused or recycled which can make a large impact in resource conservation and landfill diversion.

Besides certified solid waste facilities, there are a variety of building salvage, reuse and antique stores that look for quality used building materials, fixtures and appliances. In addition there are many facilities around the state that will accept single materials, such as concrete, brick, or a combination of several types. For more information on C&D waste recycling please visit: dec.vermont.gov/waste-management/solid/materials-mgmt/construction-waste.

Composting Workshops

A series of composting workshops are being held around the MRRMA this year. News releases will tell you where and when they will be held.

Paint Recycling Program

About the Vermont PaintCare Program

PAINTCARE

Paint manufacturers created PaintCare, a non-profit organization, to set up convenient places for households and businesses to recycle leftover paint. PaintCare sets up paint drop-off sites throughout states that adopt paint stewardship laws.

PAINTCARE PRODUCTS

These products have fees when purchased and will be accepted for free at PaintCare drop-off sites:

- Latex paints (acrylic, water-based)
- Oil-based paints (alkyd)
- Stains
- Primers and undercoaters
- Shellacs, lacquers, varnishes, urethanes
- Deck and floor paints
- Sealers and waterproofing coatings for wood, concrete and masonry

FEES

PaintCare fees are applied to the purchase price of architectural paint sold in the state as required by state law. Fees, effective 8/1/16 are based on container size as follows:

Half pint or less	\$ 0.00
More than half pint to less than 1 gallon	\$ 0.49
1 gallon	\$ 0.99
More than 1 gallon up to 5 gallons	\$ 1.99

For more information or to find a place to take your unwanted paint for recycling, please ask for the PaintCare brochure, visit www.paintcare.org or call (855) 724-6809.

NON-PAINTCARE PRODUCTS

- Paint thinners and solvents
- Aerosol paints (spray cans)
- Auto and marine paints
- Paint additives, colorants, tints, resins
- Wood preservatives (containing pesticides)
- Asphalt, tar and bitumen-based products
- 2-component coatings
- Coatings used for Original Equipment Manufacturing or shop application
- Any non-coatings (caulk, spackle, cleaners, etc.)
